GRMC participated in several local events, including the NW KS Free Fair, Flatlanders, Trunk or Treat, and the All School Reunion.

GRMC Auxiliary

2022 Scholarship recipient, Emma Lehman, President, Lori Mckenzie and Vice President, Connie Soellner

The GRMC Auxiliary was back in full swing in 2022, raising money for scholarships and some special gifts given to GRMC.

In 2022, GRMC received two automatic doors for our physical therapy department, as well as some much-needed seat cushions for our specialty clinic waiting room.

Thank you to the GRMC Auxiliary for everything!

GRMC Foundation

While the past few years have been a little quiet for the GRMC Foundation, there have still been some positive things happening.

For 2022, **\$2,500** in *scholarships* were given to four area high school seniors. There was also a total of **\$34,380** in *donations* received by the foundation. The foundation also received **\$93,205** from *grant proceeds*.

Generous donations over the years, as well as 2022, helped the foundation to purchase over **\$109,000** of *new equipment* for GRMC.

Overall, it was a successful year. GRMC Foundation is looking forward to bringing back the golf tournament on September 23, 2023.

MESSAGE FROM THE CEO

CRAIG R. LOVELESS

Goodland Regional Medical Center continues to play a vital role in caring for our community. As you'll see, our primary and specialty care clinics completed more than 18,000 patient visits last year; our Emergency Department had over 2,500 visits. When I think of all the families and neighbors who walk through these doors, I'm so gratified that our skilled providers and staff are here to care for them close to home.

Our Board and leadership understand that when it comes to healthcare for you and your family, you have choices. To continue to earn your patronage, we are committed to ongoing fiscal strength and reinvestment in GRMC and the surrounding communities. This past year, for example, we purchased a range of new equipment, including a state-of-the-art 128-slice CT Scanner and a high-capacity lab analyzer.

We need each other. Every dollar spent on local healthcare returns a multiple of that to our Goodland community by keeping related dollars at home.

Thank you for your continued trust in GRMC. It's a responsibility we take very seriously.

Whenever you need us, rest assured—we are here for you.

Your Choice Makes a Difference

When you choose to stay local for your healthcare needs, it impacts our communities economically. Your dollars not only stay local, but they generate an economic multiplier effect. **We call that community reinvestment!**

\$9,083,870 + \$1,354,025 + \$670,671

Workforce Expenses 122 Employed Healthcare Workers (2022 Salaries & Benefits)	Unreimbursed Care Services provided by GRMC that are not reimbursed by insurance or patient.	Support of Local Vendors As much as we can, we want to put money back into the community we live in.

GRMC Strategic Plan

Pillar 1 Strengthen and Invest in CORE Services

GRMC helps to meet the community's healthcare needs by providing patient-centered facilities and advanced medical equipment. New services are developed based on community needs and GRMC's capabilities.

Pillar 2 Patient-Centered Culture of Quality & Customer Service

Instilling a patient and family-centered care culture across GRMC will create momentum for continued organizational improvement.

Pillar 3 Cost Structure

GRMC is taking a series of proactive measures to ensure we continue to have the financial resources to carry out our mission for years to come.

Pillar 4 Improving Employee Satisfaction and Engagement

Through positive recognition and celebration, GRMC perpetuates and reinforces principles of open communication, teamwork and respect, while providing needed resources and tools for employee engagement and organizational development.

GRMC Welcomes New Providers

Melissa Ramig, LMSW
 Behavioral Health

Originally a Colorado native, Melissa Ramig, LMSW has been a member of the Goodland community since 2014. With an undergraduate degree in Sociology, she has been working in the social work field in different capacities for over 9 years. Melissa provides individual, couples, and family counseling in the clinic four days a week, seeing patients age 6 and older.

Hilton Ray, MD
 Family Medicine

Dr. Hilton Ray is a Board-Certified Family Practice Physician. He received his medical degree from the University of Virginia School of Medicine in 1986. He did postgraduate training in both Phoenix, AZ and Denver, CO.

He spent many years providing care for patients in the Lamar, Colorado area. He is married with two daughters.

Michael Rauzzino, MD
 Neurosurgeon

Dr. Michael Rauzzino, a board-certified neurosurgeon is a recognized expert in all areas of neurosurgery. He has been recognized for his extensive knowledge base and surgical skills. A pioneer in advanced techniques such as minimally invasive spinal surgeries, including spinal preservation surgeries utilizing cervical and lumbar artificial discs.
